|---------------------------------|---------------|----------|
| Analysis                        | Standard      | Method   |
| Total Aerobic Microbial Count   | < 3,000 cfu/g | AOAC/USP |
| E. Coli                         | Negative      | AOAC/USP |
| Coliforms                       | <50 mpn/g     | AOAC/USP |
| Salmonella                      | Negative      | AOAC/USP |
| Listeria                        | Negative      | AOAC/USP |
| Yeast                           | < 200 cfu/g   | AOAC/USP |
| Mould                           | < 200 cfu/g   | AOAC/USP |

**How to use:** This product is a highly concentrated fruit flavor with no additional ingredients. We recommend dropping a quantity of the product into the liquid you want to flavor and let dissolve.

Agitation or light heat will help dissolution. Please observe the ratio for your flavor profile - you can use more or less INTENSE according to your needs.

| Physical Requirements   |                        |
